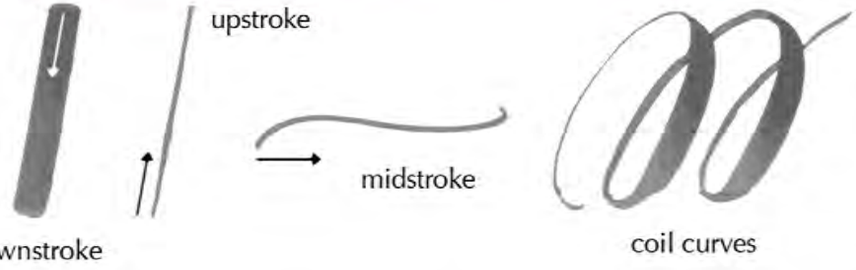
Tip! Before you begin, make copies or scan this lettering guide into your computer for future practice sheets.

brush pen



Using the **Pigma® Brush Pen** from the Pen Essentials Kit, practice proper downstrokes, upstrokes, midstrokes and coil curves on the lines provided below. Expect better results by **keeping your hand in the same position** and use a varying degree of pressure on the brush to create thick and thin lines. Also use the guides to practice the alphabet and numbers.
